Square And Round Dance Convention

I'd like you to meet the person that introduced me to square dance calling. Marge Schroeder was my physical education teacher and mentor at the University of Wisconsin/La Crosse in 1974. As part of the grade toward a degree in Physical Education, she required every student to do some square dance calling in her classes. She saw something special in me because she tutored me in the art of beginning square dance calling, letting me call to many of her square dance classes. To this day she maintains that once I took the microphone, she never saw it again!

Marge encouraged me to attend a caller's college in Indiana in 1974. It was from there that I became more and more involved in square dancing, calling to her square dance classes and to local groups in LaCrosse eventually calling throughout the Midwest. She gave me records to get started, followed me throughout my career and today in the twilight of her years, continues to support me. I cannot thank Marge enough for giving me the tools, being my biggest cheerleader in the early days and getting me started in my calling career.

Thank you Marge and all of you.

the recipient of a genuine "Foot Stool" and
from the photo you can tell that she took great
enjoyment from her treasure.
